SENT VIA FACSIMILE

Ref: Cornell Dubilier Electronic Superfund Site

Dear Mr. Sheridan:

The purpose of this letter is to document our telephone conversation of April 3, 2001 regarding removal actions at the referenced Site. During our conversation you indicated that the information requested by EPA on March 27, 2001 relating to work at 126 Spicer Avenue would be provided by close of business today with the exception of the analytical data. A seven day extension for submission of this data is granted to allow for data validation.

Also, attached is the schedule for action required to come into compliance with Administrative Orders II CERCLA-97-0109 that was missing from Mr. Sundram's letter to you of March 28, 2001. If you have any questions about the contents of this letter or the work required please contact me at (732) 906-6991.

Sincerely,

Eric Wilson  
On-Scene Coordinator

**Actions Necessary to Come into Compliance with II CERCLA-97-0109 and Schedule**

- 1) Meet EPA's OSC on-site within 7 days to review requirements for fence replacement and repair.
- 2) Complete repairs as soon as possible, but no later than 2 weeks after meeting the EPA OSC. This work is to be conducted in accordance with OSHA Standards for Hazardous Waste Site Operations (29 CFR 19190.120).
- 3) Within 30 days of the completion of the work required, submit a revised Site Summary Report in accordance with Paragraph C9 of the Order documenting actions taken to comply with the requirements set forth in EPA-approved work plans.
- 4) Initiate inspections of site controls required by the Order.
- 5) Provide monthly progress reports to EPA by the 10<sup>th</sup> day following the end of the reporting period. The next monthly report should cover the month of April 2001 and should be submitted to EPA by May 10, 2001. Monthly reports shall include information specified in Paragraph VIII H. 1. of the Order and document inspection and maintenance of site controls required by this Order.
